Type straight into this sheet, save it, and send it back to us from the monogramming page. If you would rather write by hand, print it and photograph the finished sheet. We confirm every detail with you by email before your silk goes to the workshop.

01 YOUR DETAILS

NAME

EMAIL

ORDER NUMBER if you have already ordered

02 THE PIECE

Monogramming is offered on silk pillowcases, bedding sets, duvet covers and sleep masks. For anything else, tick the last box and we will tell you what is possible.

☐ Silk pillowcase ☐ Silk bedding set ☐ Silk duvet cover ☐ Silk sleep mask ☐ Another piece, please advise

03 THE LETTERING

Write it exactly as it should be stitched, with the spacing and the full stops you would like. Monograms are stitched in unaccented Latin letters, the way initials have always been marked on fine linen, so a name like Amélie is stitched as Amelie and Müller as Muller. Write the spelling you would like to see on the silk, and read it back to yourself once before you send it.

LETTERING initials or a single first name

04 THE STYLE

Describe the lettering style you have in mind, or name a typeface, or write the letters by hand in the space below and we will work from that. We will tell you what the weave will hold before we begin. Very fine or very intricate lettering does not always survive a silk ground, and we would rather say so early.

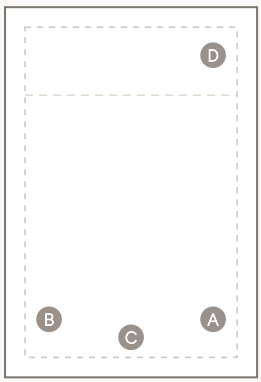
IN WORDS

Or draw the lettering here

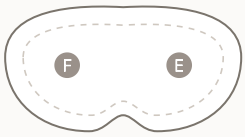
Monogramming is 30 € PER PIECE, added to the price of the item. Initials and full first names cost the same. Personalised silk ships within 10 DAYS of purchase.

05 THE PLACEMENT

Tell us where the monogram should sit. The positions below are a starting point, all of them discreet and along an edge. Mark the letter you prefer, or describe your own. We confirm the placement against your actual piece before we begin.



PILLOWCASE
A, B, C, D



SLEEP MASK
E, F

A Lower right, along the edge.

B Lower left, along the edge.

C Centred on the lower edge.

D Upper right, along the edge.

E Front of the mask, right side.

F Front of the mask, left side.

For a bedding set or a duvet cover, tell us below which piece of the set should carry the monogram.

POSITION

OR DESCRIBE IT and name the piece of the set

06 THE THREAD

Tone on tone reads as texture rather than colour and is the quieter of the two. Champagne gold catches the light. If you are unsure, leave it to us and we will match it to your silk.

☐ Tone on tone ☐ Champagne gold ☐ I would like your advice

07 ANYTHING ELSE

A question, an occasion, a date you are working towards, or anything you would like us to know.

Because each personalised piece is made uniquely for you, it cannot be returned or exchanged unless it arrives faulty. Please CHECK THE SPELLING of your lettering once more before you send this sheet.
